

BIBLIOGRAPHY

NEURO-LINGUISTIC PROGRAMMING BOOKS

When NLP was launched in 1975-6, there were five basic books which defined the field. Today there are literally thousands of books in scores and scores of languages. This is a list of *books* of authors who have written about NLP, its applications, research, and much more. The list here focuses on recording the books that authors wrote in their original language, rather than producing even longer lists of all of the translations into other languages.

English

Agness, Lindsey. (2010). *Still 25 Inside*. Great Britain: Rodale Macmillan Publishers Ltd.

Agness, Lindsey. (2010). *Change Your Business with NLP*. Great Britain: Capstone Publishing Ltd.

Agness, Lindsey. (2010). *Change Your Business with NLP*. Place?? Capstone
